

Cleaning Commitment

In compliance with the rules of **Direção-Geral da Saúde** and **Turismo de Portugal**, we have the **Clean & Safe Seal** and have implemented new **tighter rules** for cleaning and sanitizing all spaces in our accommodations.

- 1 Vacuum cleaning** of all surfaces, together with appropriate products, and washing of wooden floors with a **roller machine**.

- 2 Steam cleaning** of all walls, sanitary appliances and ceramic floors.

- 3 Implementation** of our **Internal Protocol**, which defines how to act in each situation.

You can consult it using the QR Code presented on the side, or on our website www.discoveryapartment.net.
